**DATE: 4<sup>th</sup> March 2005**

**PLEASE REFER TO MAP BELOW**

## **Application for Permission to Notify Landowners by Site Notice**

The TRF is applying for permission to post a site notice to inform landowners about the DMMO application that accompanies this letter. Not all the owners of land crossed by the claimed route have been identified using the process described below and we wish to use a site notice to notify those landowners.

The TRF follows the procedure outlined below to identify the owners of land crossed by the route of a DMMO claim:

1. Request the Land Registry identify the titles of land crossed by the route. Where the land is registered we obtain copies of the title and plan to identify the landowner and the boundaries of the land they own. If owners cannot be identified for the entire length of the track the following steps are taken.
2. Attempt to identify other local landowners, EG farms, using the Land Registry, OS maps, Royal Mail address books, etc.
3. Write to the landowners identified in steps 1 and 2. If other farms or possible major landowners are located near the route and their details were not identified in steps 1 & 2 then write to those farms and landowners too. All farms in the vicinity of the claimed route will be considered and contacted if appropriate.

The letter sent includes a clear map showing the claimed route and a form for the landowner to return. The form allows the landowner to indicate whether he owns all of the land crossed by the claimed route, none of the land or some of the land. In the latter two cases we ask the landowner to supply the details of the correct landowners if they are known. A copy of the letter, map and form can be supplied to Dorset County Council if requested.

4. At least 28 days are provided for the landowners to respond before a DMMO claim is submitted.

This process was developed by Friends of Dorset Rights of Way in consultation with Gillian Parkinson at DCC. It was felt that a thorough Land Registry search followed, if necessary, by letters to local farms and relevant landowners was a reasonable effort to make to identify landowners. If the land was not registered and local landowners were unwilling or unable to supply the ownership details when contacted then all reasonable steps had been taken.
